

Solvere provides engineering and integration services to a diverse range of industries. We offer control system consultation and design, programming, system development, commissioning, and ongoing support.

Solvere's versatile and experienced staff is ready to meet any of your control system and information technology requirements, from pre-design to providing field commissioning services.

So whether you need a complete control system, control panel, PLC programming, computer networking, or customer support, Solvere can meet your needs.

Solvere: Your Team for Success

At Solvere, our job is to produce results for our clients using the most effective approaches we can to deliver cost-effective returns on every project. We rely on both our technical knowledge and business savvy to make the investments by our clients pay-off.

Systems integration means different things to different people. What it means to us is working with our clients as a collaborating partner to deliver cost-effective, productive results through Automation. Productive results are measured by our customer's improved productivity, product quality & consistency, competitiveness and marketplace success.

We have the resources to get the job done. And by that we mean done right, on schedule, within budget, and done in a way that our customers enjoy and appreciate. We have the best people, and know how to keep them. We love what we do, and our customers do too.

Our success is measured by your success.

Proud Partnerships

Solvere is proud to be partnered with CCA, an industrial automation products leader, to bring you a complete package of support.

How Can CCA/WESCO Help You?

Control Corporation of America (CCA) has been focused on industrial automation products since 1979. CCA has been a division of WESCO Distribution, Inc. since early 2000.

WESCO is a Fortune 500 distributor of electrical and general MRO products. Formed in 1922, WESCO has 350 full-service Branches, 5,200 skilled employees, and five high-tech Distribution Centers that provide over 1,000,000 products to more than 100,000 customers worldwide. As a member of WESCO's Family of Companies, CCA can supply all your electrical and general MRO product needs.
